If the student is **NOT** living in permanent housing, **proof of residency** and other documents normally needed for enrollment **are not required** and the **student is to be immediately enrolled**. **After** the student has been enrolled, the district/school must contact the previous district/school attended to request the student's education records, including immunization records, and the enrolling district's LEA liaison must help the student get any other necessary documents or immunizations.

NOTE TO SCHOOLS/LEAS: If the student is **NOT** living in permanent housing, please ensure that a Designation Form is completed. Rev. 5/21/09

INSTRUCTIONS FOR COMPLETING THE ENROLLMENT FORM-RESIDENCY QUESTIONNAIRE

Purpose of the Enrollment Form - Residency Questionnaire

All LEAs are required to identify students experiencing homelessness. Additionally, all LEAs that receive Title I funds must ask enrolling students about their housing status. SED encourages all LEAs regardless of whether they receive Title I funds to do the same. To collect this information, LEAs may:

1. Use the Model Enrollment Form - Residency Questionnaire attached here
2. Update/modify the Model Enrollment Form - Residency Questionnaire to address the needs of the LEA, or
3. Incorporate the housing status question from the Model Enrollment Form-Residency Questionnaire into the LEA's Enrollment Form or other documents already used by the LEA during the enrollment process.

If an LEA elects the third option and incorporates the housing status question into the LEA's Enrollment Form, the LEA should take steps to ensure that a student's housing status does not become a part of the student's permanent record, because of the sensitive nature of this information. Please see the section titled "Confidentiality" (below) for information about how and when housing information may be shared within the LEA.

Who should fill out the Enrollment Form - Residency Questionnaire?

A Enrollment Form - Residency Questionnaire should be filled out for all students enrolling in school and for all students who have a change of address in grades preschool - 12. Preschool includes any LEA program for 3-5 year olds, such as pre-k, Head Start, or Even Start. The Form-Questionnaire should be completed by the student's parent, person in parental relation, or in the case of an unaccompanied youth, by the student directly.

Confidentiality

Student housing information should be kept confidential to the maximum extent possible. This information should only be shared with LEA/school staff members who need information about housing status to ensure that the student's educational needs are met. To this end, LEAs may share a student's completed Enrollment Form - Residency Questionnaire with LEA personnel such as:

1. The LEA liaison,
2. The registrar
3. The student's teachers, and/or guidance counselor
4. The LEA staff member responsible for reporting data to SED

However, this information should only be shared with the above staff members to the extent that it will enable them to better meet the education needs of the student in question and to fulfill reporting requirements mandated by SED.

Other than the above uses, housing information should be kept confidential and generally should not be shared with other LEA/school personnel due to its sensitive nature and the stigma attached to being labeled homeless. LEAs are also encouraged to seek out ways of preventing Enrollment Form - Residency Questionnaires and housing information from becoming a part of a student's permanent record.

Discussing the Enrollment Form-Residency Questionnaire with Students and Families

In reviewing the Enrollment Form-Residency Questionnaire with parents, persons in parental relation, and unaccompanied youth, LEAs should emphasize that the purpose of gathering the information is to ensure that students in temporary housing arrangements are provided with the rights and services to which they are entitled under the McKinney-Vento Act. These rights and services include:

1. The right to stay in the same school the student had been attending before losing his/her housing or the last school attended (both known as the school of origin)
2. The right to immediate enrollment for students who decide to transfer schools, even if the student does not have all of the documents normally for enrollment
3. Transportation services if the student continues to attend the school of origin
4. Categorical eligibility for Title I services if offered in the LEA

5. Categorical eligibility for free meals if offered in the LEA, and
6. Access to services provided with McKinney-Vento funds if available in the LEA.

The LEA should also ensure that the parent, person in parental relation, unaccompanied youth is aware that the student's housing status will be kept confidential and will only be shared with those LEA staff responsible for providing services to the student and those responsible for keeping track of how many students are identified as living in temporary housing in the LEA.

LEAs are advised to explain to parents that if a parent claims that his/her child is living in temporary housing, and the LEA wishes to conduct an investigation to verify this information, the LEA may conduct a home visit. However LEAs cannot contact a landlord or building superintendent to verify a student's housing status. Contacting a landlord or building superintendent may be a violation of FERPA, a federal law, and may put the family at risk of losing its housing. If the student is living in a doubled up situation, it may also lead to loss of housing for the primary tenants.

If the Parent, Person in Parental Relation, or Unaccompanied Youth declines to fill out the Enrollment Form-Residency Questionnaire

If the parent, person in parental relation, or unaccompanied youth declines to complete the Enrollment Form - Residency Questionnaire, the LEA should note on the form that the parent, person in parental relation, or unaccompanied youth declined to provide the information requested.

Completing the Form

If a parent, person in parental relation, or unaccompanied youth enrolling in school indicates that a student is living in one of the five temporary housing arrangements, the school may not require proof to verify where the student is living before enrolling the student. The five temporary housing arrangements are listed below:

1. In a shelter
2. With another family or other person (sometimes referred to as "doubled-up")
3. In a car, park, bus, train, or campsite, or
4. Other temporary living situation

After the student is enrolled and attending classes, the school or LEA is permitted to verify the student's housing arrangements. However, the student must first be enrolled in school. Again, LEAs cannot contact a landlord or building superintendent to verify a student's housing status (see above for more information).

Definitions of Temporary Housing Arrangements

"With another family or other person" (also referred to as "doubled-up")

LEAs should be aware that students who are sharing the housing of others are eligible for services under the McKinney-Vento Act and State law, if sharing housing is due to loss of housing, economic hardship, or a similar reason.

"Other temporary living situation"

In addition to the four examples of temporary housing, students who lack a "fixed, adequate, and regular" nighttime residence are also covered as homeless under the McKinney-Vento Act and State law. This may include unaccompanied youth who have fled their homes or were forced to leave their homes and who do not otherwise meet the definition of "doubled-up."

"In permanent housing"

Permanent housing means that the student's living arrangements are "fixed, regular, and adequate."

Next Steps for LEAs with Students Living in Temporary Housing Arrangements

If the parent, person in parental relation, or unaccompanied youth indicates that a student is living in temporary housing, the LEA must complete a Designation Form. If the LEA believes additional information is needed before reaching a final decision on the student's eligibility under McKinney-Vento, enrollment should not be delayed and a Designation Form should still be filled out. For more information about determining eligibility see the National Center on Homeless Education's Determining Eligibility Brief, available at: www.serve.org/nche/downloads/briefs/det_elig.pdf

If a student who is identified as homeless was last permanently housed in a different school district, the district of attendance/local district will be eligible for tuition reimbursement from SED for the cost of educating the student. School districts should complete a STAC-202 form if eligible for tuition reimbursement. For more information about STAC-202 forms contact the STAC office at 518-474-7116 or NYS-TEACHS at 800-388-2014.

New Enterer's Immunization Compliance Form

Every child entering or attending a District school must present proof of immunization in accordance with NYS Public Health Law Section 2164 unless a New York State licensed physician certifies that such immunization may be detrimental to the child's health.

Except for the above exemption, the District may not permit a student lacking evidence of immunization to remain in school for more than fourteen (14) days, or more than thirty (30) days for and out-of-state or out-of-country transferee who can show a good faith effort to get the necessary certification or other evidence of immunization.

The administration will notify the local health authority of the name and address of excluded students and provide the parent/person in parental relation a statement of his/her duty regarding immunization as well as a consent form prescribed by the Commissioner of Health. The school shall cooperate with the local health authorities to provide a time and place for the immunization of these students.

As the parent of a student enrolling in OESJ Schools, I understand that it is incumbent upon me to furnish an up to date immunization record within fourteen (14) days or thirty (30) days (if child is transferring from another state) of my child's admission to school, or my child shall be excluded from school, as mandated by public health law, until required immunizations are received.

I also understand that receiving this preliminary oral health assessment does not establish any new, ongoing or continuing doctor-patient relationship. Further, I will not hold the dentist or those performing this assessment responsible for the consequences or results should I choose NOT to follow the recommendations listed below.

Users should have no expectation of privacy regarding their use of District property, network and/or Internet access or files, including email. All emails may be subject to the Freedom of Information Law.

VIOLATIONS:

This agreement shall serve to protect actions and computer usage that may occur off campus, but have a nexus to the school community that substantially disrupts the work and discipline of the school and places a profound and significant impact on students within the District (i.e. an off-campus student who during non-school hours consistently emails another student's district email with offensive, demeaning and threatening content). - Personal property used to access school computers or networks or for school-provided Internet access; or
- Unauthorized financial obligations resulting from school-provided access to the Internet.

The individual in whose name a system account is issued will be responsible at all times for its proper use. Thus, users have full responsibility for the use of their account. All violations of this policy will be treated as the sole responsibility of the owner of the account. Any violation of this policy must be reported to school administrators.

I have read the 'District Acceptable Use Policy' and I hereby release the District, its personnel and any institutions with which it is affiliated, from any and all claims and damages of any nature arising from my use of, or inability to use, the District System, including but not limited to claims that may arise from the unauthorized use of the system to purchase products or services. I agree to follow the rules contained in the 'District Acceptable Use Policy' and I understand that if I violate the rules, access to the Internet and/or District can be terminated and I may face other disciplinary measures.
